

Did Life Get In Your Way

You can finish this great program with just a phone call to our office. We know how busy families are in the summer and how sometimes the weather just didn't cooperate, so we are giving your family a chance to collect your badges and receive your t-shirts.

Call our office at 417-581-7285 and ask for Cindy or Nikki to learn more about this second chance program. Christian County Health Department wants to encourage you to be active and enjoy all the benefits of a healthy lifestyle.
