FOR IMMEDIATE RELEASE

Christian County Health Department confirms the twenty-second (22) confirmed case of COVID-19. We currently have five (5) active cases of COVID-19. The individual who tested positive has been notified and is isolated and quarantined at home. Close contacts of the positive case have been notified and quarantined, as necessary. Christian County Health Department will be monitoring the positive case. The health department is partnering with additional local public health departments to ensure proper isolation and quarantine protocols are being followed by close contacts as well.

The health department encourages our community to take appropriate precautions such as continuing to practice social distancing, performing good hand hygiene, cleaning and disinfecting frequently touched surfaces, avoid touching your face, eyes, and or nose with unwashed hands, and consider wearing a mask while out in public areas.

For additional COVID-19 information, please visit [www.christiancountyhealth.com](http://www.christiancountyhealth.com)
